# Who We Are

With the help of student organizers, the PCA Youth Center runs as a non-profit sub-organization of the Pittsburgh Chinese Association.

## Our Mission

We are committed to developing life skills of the youth. As a group of high-school age teens we create hands-on workshops and interactive forums on a wide range of topics, all of which are dedicated to improve and make more opportunities to develop kids' interests, building the foundation for their independence and leadership. Current and past projects include preparing meals for the sick and homeless, hosting career forums for kids, running financial workshops, and promoting Chinese culture through various festivals.
